The Town Marshal Robert Vaughan

THE TOWN MARSHAL is ripped from the annals of authentic American history of the Old West. Its two main participants, James Cooper and Henry Newton Brown, form a close friendship when, along with Billy the Kid, they fight in the Lincoln County War. After that, James and Henry move on, their bond of friendship growing even stronger as James becomes a crusading newspaper editor and Henry, a town marshal feared by outlaws and lauded by his peers and the towns he served.

But something goes wrong, and in an emotive moment, the two best friends find themselves face to face in a dramatic and poignant confrontation.

Good book. Found it a easy read. Reminded me of the movie Chisum.

I received an advance copy for an honest review.

I like the writing style but the novel feels more like a collection of short stories stacked together. There simply is no plot.

Over the past couple of years I have become infatuated with Mr. Vaughan's American folklore knowledge and have had enjoyed many of his successful renditions of our old western! This one has a little different twist, but the sensationalism still existed. There are so many new adventures from beginning to end that the I was mesmerized throughout by his descriptive ordeals. .

Definitely a five star masterpiece by one of the most alluring authors of our exciting western adventures. I am amazed at the apparent knowledge, and research, that has to be spent in writing such significant stories. The characters were effectively selected and their actions appropriately descriptive from beginning to end. Too, the storylines are always so strong and effectively initiated with the appropriate amount of action. There is enough romance to appease those of you weak of heart readers, but exciting enough to whet your appetite. I definitely recommend this book to everyone loving another exciting western adventure that has enough different twists to maintain you undivided attention! The ending will probably catch you by surprise, as I definitely wasn't expecting it to end the way it did. Good job!

An RV Western Novel About Two Outlaws Who Become a Lawman/Newspaper Owner

RV has penned a western about two men who rode with William Bonney; Billy the Kid; in the Lincoln County Wars. The two men remained friends and settled in different towns. The lawman was in a small town in Kansas. The Newsman was in Toscacos. The town of Toscacos went belly up and he moved near his friend. This is an excellent read for the genre.....DEHS

I recently discovered western writer Robert Vaughan and have sampled several of his books. It is hard to find a new western author as the Western genre appears to be out of vogue at the current time.

This book is well written and researched. The pace is fast and the story has a good flow. The plot twists and turns and there is lots of action and suspense. The story is about two men who rode with William Bonny in the Lincoln Country Wars. They both settled in Kansas: one a lawman and the other a newspaperman. I enjoy these short books after reading some long non-fiction books.

I read this as an audiobook downloaded from Audible. The book is five hours and thirteen minutes. Chris Abell does a good job narrating the story. Abell is a voice actor and audiobook narrator.

Outstanding book, you will love it.

I enjoyed reading this book, it was a great western story that had just the right amount of twists in the book. Although I wasn't too crazy about the ending I guess I saw that coming. Great reading.
