Katherine says

Since I can't quite choose between a 2 and 3 Stars... 2.8

Mara is about to marry... The wrong (kind of) guy. She's having second thoughts, so she decides to run and hide a bit before the wedding.

That's when her roommates and best friends, Daniel and Jacob show up at her hiding spot to convince her she's making the mistake of her life.

Daniel and Jacob are gays, but also like women (duh, bisexual). Specifically Mara. And they intend on making her change her mind... By talking to her, or fucking the daylights out of her.

Short, sweet and hot!!

That was a quick cool read!!

Margaret says

Another quick, fun read for my late night insomnia. But it was another one that I wish had more of a plot to it. I love Paulin's writing, which is why I want more. The short reads are great, but it'd be nice to see them in a longer formatted story.

Cyn Mistress Kitty says

This was ok. I liked that it was m/m/f.

BITE ME says

this was a very interesting read and i have to say i enjoyed

Heather says

I've read several books by this author & I love her books more & more with each one I read. She knows what her readers want & she TOTALLY delivers!!

Tia says

This novel was kind of annoying. So her two roommates, whom she thought were gay, are actually bisexual.

The heroine is getting married in a week or so, so she decides to plan a vacation, two hot roommates show up and confess their love for her. She has sex with them, even though she made a commitment to another man, then decides to break it off with her fiance. Then she finds out her fiance is actually gay and using her as a cover. Holy crap this book is just full of morals and values and yes that is sarcasm. For being a novella, it's already short but it wasn't short enough. The book was absolutely BRUTAL!

Sassafrass says

this was a quickie but it packed a lot of heat!

Plain Mara is set to marry her boring fiance, but her gay roommates plan to stop and at the same time keep with them forever.

I really liked this one. It was very erotic and had lots of hot sex in it--M/F/M, M/M/F, and M/M. The relationship seemed a bit fast but in actuality it wasn't since they had gotten to know each other as roommates for a year prior to this.

It had a really sweet HEA which was my favorite part of all. :)

Greeneyes Belle28 says

Really Good

Jill says

A cute little menage short to see out 2012!!! And to help me finish my challenge!! This was actually quite funny, I especially loved the star wars references at the beginning. Anyway hot and steamy, there is some m/m m/f and m/fm.

Melissa says

There's something to be said about predictability and knowing where you are going in life, following the rules of society. But often when you "phone it in" to your life, you miss out on passion and love. Mara Nelson is finding that to be the case when she has second thoughts about her upcoming marriage to Marco. Mara is a smart and funny woman with the body of Botticelli's Venus. She has curves and freckles making her feel insecure about herself with today's society of skinny women. Living with two gay men, Daniel and Jacob, and working in New York, Mara decided that it was time to marry, so when Marco asks her to marry him, she agrees even though she has doubts and doesn't really love him. Daniel and Jacob have been together as lovers and friends but they've been keeping a secret from Mara. They aren't just gay, but bi-sexual and are in love with Mara. So when she leaves on a retreat to get her mind together before the wedding, what's two guys to do but prove to her that she's marrying the wrong man.

Stealing the Bride is a romantic tale of a non-traditional relationship. Daniel and Jacob are comfortable with their own needs and in their unique lifestyle but have been harboring a desire for Mara to complete them. Each of the characters have flaws that make them realistic and interesting. They are dynamic and so much like real people that you will find yourself easily connecting with them.

I really enjoyed the message of love that prevailed throughout Stealing the Bride. It didn't matter what kind of relationship you were in or who you loved, it was more important that you felt love and gave love. To imagine having two wonderfully sexy guys at your disposal is every woman's dream, and Stealing the Bride doesn't disappoint in that regard. Not to mention the sex is smokin' hot! I recommend Stealing the Bride for all those true romantics who believe in a "Happily Ever After" no matter what kind of relationship you're in.

NhaughtyV says Damn the Zon Save the Reviews says

Recommend if you are looking for a quick naughty read!

Patty Isla says

Leído 2011

Laura's Book Addiction says

A quick read read with an ok plot would have liked it to have been longer tho.

Caroline says

A fun sexy short story.
