## From Reader Review Yesterday (Short Story) for online ebook

### Elle says

Synopsis: Anna has on unbelievable night with Blake before he is recalled for another secret mission. Severely injured during his mission, Blake allows Anna to believe he has been killed. Four years later, Blake returns pretending to be his long lost brother Devon. Blake is about to realize everything that Anna has had to deal with by herself since his death.

\*\* Now there is apparently a dispute about whether this is actually one of Lora Leigh's novellas because she doesn't list it with her works. However, I have heard whispers from folks who remember downloading this from her website back in 2004. It has never been published which may explain why it is difficult to trace.

---

### Sascha says

Historia corta, tristemente la autora resuelve cualquier conflicto o situacion con 10 pag de sexo, y en un libro tan corto como este es irritante.

---

### Greeneyes Belle28 says

A really good read.....!!!

---

### L M says

Great short read that covers a lot of ground. As this was an early work of hers I would love Ms Leigh to redo this and extend it to a full novel.

Owned for ages and reviewed before but review is missing.

---

### Megan Fall says

What a great story, it could have been a lot longer though, as there were still things left to be wrapped up! A lot of edits need to be made!!

---

### Cheesecake says

A very short read. And yet in typical LL fashion, it manages to repeat itself a lot.

Still I enjoyed it quite a bit.

Anna and Blake fell in love when she was 16. He waited till she was 18 and they had a hot and heavy night before he had to ship out on a top secret mission. Of course the mission goes sideways and he's gravely

---

injured. Plus the baddy is out there and a threat to Anna.

So he plays dead.

Not knowing the his night with Anna had consequences.

After finally killing the badguy, 4 years later he returns as his 'brother Devon'. He's scarred and older but he still reminds Anna of Blake. She gets confused. There are other things going on, causing trouble.

It all comes to a head after a few days and ends quickly... but satisfyingly in a formulaic way.

---

### **Rinou says**

Beautiful short story with steaming sex scenes, but in need of a lot of editing

---

### **Amanda Indio says**

If I could give negative stars, I would...
