Celebrating every little girl's childhood hero and the special dad and daughter bond!

From the first time a daughter grasps dad's hand and says her first words, to the day she moves out on her own, the bond between a father and daughter is ever evolving: dad goes from childhood hero, feared inspector of boyfriends, to the sage friend of adulthood. Daughters mature from perfect little angels into rebellious teens to accomplished women who are dad's pride and joy.

Chicken Soup for the Father and Daughter Soul celebrates this wonderful relationship with stories about childhood, the trying years of adolescence, the poignancy of leaving home and even the years when daughters often become caregivers.

The stories in this special volume are sure to evoke the fondest of memories and rekindle the bond between dads and their little girls.

this book has a story in it that is real close to a story that I have with me and my Dad. I want to buy two copy's of this book; one for me and one for my Dad.

It was good

Dan Connors says

I have been a fan of the chicken soup books for years and this follows the same format. Most of the stories are brief and to the point. Some are touching, many are forgettable. A good book for someone with two daughters like me.
