The Beginning

Becky Wilde

The Beginning Becky Wilde

Simone Angel is in dire straights as she has been retrenched from her previous employment. She is perusing the classifieds section of the newspaper and her eyes are drawn to an opportunity too good to refuse. She calls to set up and interview.

Simone meets Samson Ramsey for her interview and is hired immediately for the position of cook and housekeeper and is to move to the Triple R Ranch three hours north of Melbourne the very next day where she cooks for the three sexy dominant cowboys.

Simone is seduced by the three brothers Samson, Connor and Griffith but word begins to spread throughout the town of Passion Victoria of the poly-amorous relationship.

Simone has to fight the whole town for the men she loves. Will she conquer the town folk or will she be sent packing?

Stephanie says

It was a very good short book. Loved how the boys brought her out of her shell and showed how much they loved her and she loved them.

Sarah says

I really like the story and the sexy alpha male characters but through almost every series I've read of Becky Wilde there's been writing mistakes. Sometimes when she's writing about one character she accidentally puts wrong name in the scene. This was very confusing at times. She also repeats herself in every series. Even with all these faults the series she writes is very sexy, very dirty a good read for the price.

Emily says

With little choice left, out of work Simone Angel stumbles across a job as a live in cook and housekeeper on a ranch with three bachelor cowboys. Little did she know after accepting the job that the Triple R Ranch housed three of the handsomest men she will ever meet, Samson, Connor, and Griffith. Fighting her attraction is one thing but when she realizes they want more from her than just work, she needs to decide if she is going to follow her heart or retreat.

I had read this before under Becky Wilde. Overall I liked the concept of the story but there were a couple of things that had me scratching my head. The three men in the story are vocal but not necessarily about their feelings toward Simone in the beginning and she is left to let her mind wander and second guess her feelings as well as theirs. I will read more in series for sure as the story had its moments where you were completely pulled in.

Brittany says

Okay, suspend reality and this is actually a pretty good read. The characters fall in love way to fast for a non-paranormal book in my opinion. Other than that the book is a quick hot and steamy book. The males are a little bit too dominant for my tastes but it was still a good read.

Sofia Machado says

It was a really, really good book!

Really liked the characters, but the guys were acting a little like cavemans! You know «You are mine!» thing!

OHHH and 2 things that I didn't liked about the book was the end(chapter 10) was when she told the people from Passion to F*** off, I think that she (Becca Van) could had explain or add a little more excitement and details to the story, not just tell them off and the girl being asked to marry them!

But, hey! that's me! An uncontrollable romantic girl!

SnottyRomantic says

I must say... I didn't like this book that much.

At the beginning of the story Simone is described as a shy girl who is followed by bad luck and somehow ends up in a ranch with three hot strangers.

Then, from a shy girl she transforms in a feisty kitten who wants to make some decisions.

This book is like a big patchwork of characters with a multiple personality disorder, plus some exact sentences glued in different situations (for example I might have read "What are you doing you big arse? Put me the fuck down right now" once per each male character).

I couldn't wait to finish this book.

Trixie says

Reading cowboy menage is a guilty pleasure. I never have any expectations except that it has hot sex scenes, be well written, have feisty female in need of help and major hot Alpha/Dom/bull-headed males. This book covered it all! Simone is a girl in distress and in major need of rescue. She has been on her own for many years, relying on herself for everything. In walks Sam, Con and Griff... a hot trio of brothers, dominant and in need of a woman to share. They hire her with the ruse of needing a housekeeper. They completely take over and dominate her (she is feisty and of course gives them a hard time, therefore there is punishment in the form of spanking and orgasm denial all for her pleasure), keep her safe (for her own good) and totally satisfy her in the bedroom. WHAT? Nothing but "guilty pleasure" for everyone... including the reader. The only thing I can say needs improvement is the editing; quite a few typos.

Sherry says

rolling eyes

Vivienne says

The whole Passion Victoria series was great and fun to read except a correction needs to be made Good reads has Hailey's secret as bk 7 but guess what it should be bk6 (even though was released two days after Duncan & Alec) other than that small fact the series as a whole is fantastic.

Emily says

When down on her luck Simone Angel accepts a job as a live in cook for brothers Samson, Conner and

Griffith Ramsey on their ranch; she thinks are beginning to look out for her. Not expecting three stunning men who like to show their appreciation with affectionate touches, Simone keeps herself closely guarded having been alone her whole life. Samson, Conner, and Griffith are determined when it comes to Simone, they know she is the one and are setting out to prove they are right.

Cyn Mistress Kitty says

[Seriously, all of a sudden all the bigots are clapping for them and cheering them on? Not likely or realistic. (hide spoiler)]

ValerieC says

3.5 stars

This is part 1 of the Passion Victoria serial.
