Demon

Jianne Carlo

Demon Jianne Carlo

Demon rescues Jacinta, a curvy, luscious female whose virginity he takes in front of four armed men, from certain gang rape, being shot, and who knows what else?

Talk about the best laid plans backfiring.

Demon's carefully plotted scheme to capture the man who abused him, Pedro Nunez, aka, The Smiling Killer, is not off to a good start.

Jacinta claims to have lived her whole life in a cloistered convent. Claims she's an orphan. Claims she's only lived in the outside world for fifty-seven days. Yet she's the mirror image of Pedro's sister, Rosa.

The sister Pedro murdered fifty-seven days ago.

There are no coincidences in life. Not for a retired SEAL.

Is Jacinta Pedro's ultimate revenge on Demon?

Guilty Pleasures Book Reviews says

HOLY SMOKIN' HADES!!!!

THANKS to you Jianne Carlo, my ereader is sitting here, once again, with smoke coming out of it. I barely saved it from spontaneous combustion while reading the all the smokin' hot smexin.

Jacinta and Demon are going to stick with me forever, something about the bond they share is timeless and has stolen a piece of my heart. I might even have to admit I have my first ever girl crush on Jacinta, she is just too damn adorable...shhhhh...don't tell Demon, unless you think he might like it ;-)

I should like to say I can't wait for the last of the Hades Squad, Satan, to get his story.

Stephanie Tobe says

Wonderful read

This story had mystery, love and everything you want in a story. It also had some steaming hot sex scene.

Vanessa theJeepDiva says

It took me a couple of chapters to get into Demon Seed. The beginning scene felt either random or I thought I missed something by not having read the other books in the series. It turned out that neither was the case. The author just introduced her characters at a time and place that they did not even understand. Once the story really began things immediately fell into place for me on that front.

Jacinta has lived a life that is beyond closeted. She has been raised by nuns. She has only lived outside of the cloistered convent for a couple of months. During that time she has met people that have some very nefarious plans for her. The worst of it happens on a beach where luck would have it she meets a true warrior, a Demon knight.

Demon knows that there is no such thing a coincidence. The moment he realizes the identity of the distressed beach damsel he knows that there is a puppeteer trying to pull his stings. He has waited years for the opportunity of his current mission. Jacinta is a distracting temptation he does not need, but won't let go.

I'm still shocked that I enjoyed Jacinta and Demon's romance as much as I did. I hate virgins. I hate reading virgins that have been hidden away from the world for the entirety of their lives. Jianne has written an incredible sheltered virgin. I loved Jacinta. I loved her struggles with the English language. I enjoyed reading her constant mix ups with idioms. I loved how Demon reacted to every little thing she did. When he realizes exactly what he did on the beach he goes for total softy romantic in the wooing department. They were such

a pleasure to read.

I enjoyed the thrill ride from the violent beach scene to the happily ever after with them. The action is non-stop for Jacinta and Demon. They had mercenaries and tribesmen after them on all fronts. Jacinta turns out to be a bit of a bad ass who can handle her own in close to any situation. Her mentor from the convent Sister Helen had given Jacinta some interesting lesson over the course of her life. Demon is so perfectly matched for her though. The things that were revealed at the end... just loved his name and where it came from.

Now I have to go and get the other books in this series. Readers are given very small glimpses of the past heroes, not enough that these books can't be read out of order. I am curious about the other member of this team though.

Sandy Digger says

Loved it.

I thought this was better than the last one I read. It was full of action, moved fast and kept you wondering if there would be a happy ending or not.

The beginning of the story starts right in with a hair raising incident where Demon has to have sex with a young woman to save her from gang rape - figure that one out! He then proceeds to rescue her and finds out that she's quite innocent in the ways of the world. Though she's an innocent she's been trained in guerrilla warfare and actually can protect herself. This was an interesting twist on a love story with an ex-seal. The author doesn't disappoint, another great book.

Nat says

I love this book! I especially enjoyed the Heroine. She's composed, uses her common sense, intelligence and has good manners unlike so many Heroines we're seeing lately who throw hissy fits, lose their temper and behave irrationally when faced with problems or when things don't go their way. Our Heroine is a bad ass without having to put up the "badass" front. I also love the Hero, he's such an Alpha but he can't help it but to care and fall in love with our Heroine.

We're taken on a very exotic journey through the South American jungles in this book and along the way we're faced with many obstacles. This book is packed with actions, mysteries and adventures. Author was very good at painting a world I can see myself in and or traveling with the characters and experiencing their journey.

Julianne says

I received a complimentary copy of this book from the author in exchange for a fair and honest review. I rated it 5 out of 5 stars.

Reviewed for For Whom The Books Toll

5, 5

“You speak English flawlessly.” With a hint of an Irish accent. Intriguing.

“Gracias. Languages are easy. Not like the physics.”

What a half-assed conversation to be having in the middle of the ocean with a woman he'd just rescued from certain gang rape, being shot, and who knew what else. A curvy, luscious female whose virginity he'd just taken in front of four armed men. Talk about the best laid plans backfiring; Demon's carefully plotted plan to capture the man who abused him, Pedro Nunez aka The Smiling Killer, was not off to a good start.

“What's your name?”

“Jacinta Nunez.”

Jacinta claims to have lived her whole life in a cloistered convent. Claims she's an orphan. Claims she's only lived in the outside world for fifty-seven days. Yet she's the mirror image of Pedro's sister, Rosa. The sister Pedro murdered fifty-seven days ago.

There are no coincidences in life. Not for a SEAL.

Is Jacinta Pedro's ultimate revenge on Demon?

Publisher's Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: violence, voyeurism.

My Review:

I loved Demon Seed the next book in the Hades Squad series. From the very beginning Ms. Carlo throws her characters into the frying pan and their adventures continue throughout the book. It's a never ending roller coaster ride full of emotions and never ending twists and turns.

Demon is on a personal mission to seek revenge on an evil man from his past, Pedro. Encountering a small group of armed men with two women outside the cave where Demon has stashed a lot of equipment is quite the surprise. The smaller of the two women has a familiar look, but Demon is too distracted trying to save his butt and the women from the armed men.

Demon is really a good guy and he tries to hide it with his rough exterior and bad boy activities. So when this petite woman shows that she can turn his stomach into knots, he's very surprised.

Jacinta da Silva is ready to take her final vows at the convent that she's lived in for as long as she can remember. Instead, she's told she needs to go out and live in the world, experience life. Jacinta is surprised but leaves the convent anyway. She also has a mission, to find her parents!

The book is very well written, the characters are full of emotions, dimension, and seem so real. The air between Demon and Jacinta seems to sizzle with excitement and tension during their entire journey. There is so much action and adventure in this story, I never knew what was coming next, never a dull moment. Their relationship is constantly growing and getting better and better all through the book.

Pedro is the most vile, diabolical, despicable man around. The things he's done over the years are terrible. He's the villain a reader loves to hate and Ms. Carlo has written him perfectly.

And finally, Ms. Carlo reveals how Demon got his name. I can't wait to see who tames team leader, Satan, I'm sure it will be very delicious. I would strongly recommend all the books in the Hades Squad series and I hope you'll love them as much as I did.

Glenda Bettin says

wow I loved this series, can't wait for another one, anymore in the future? WOULD RECOMMEND THIS SERIES, BIG TIME

Sassafrass says

A review for The Romance Reviews.

DEMON SEED, the latest installment of the Hades Squad Series, is so good that I went to work, bleary-eyed and tired because I had to stay up and finish this book. Once I started, there was no way I could put it down. Gripping from word one, I fell into the story and didn't look up from reading until it was done.

Demon has exacted a plot for revenge against the man who tortured him when he was too young to fight back. Pedro Nunez, also known as the "Smiling Killer", has haunted him since childhood, and now he's in place to bring him down. So why has his carefully laid out plan gone all to hell in such a short period of time? He's suddenly having sex with a woman he just met on the beach in front of an audience and she just happens to be Pedro Nunez's niece, Jacinta, who's been in a convent for the last 20 years--or so she says. Demon doesn't think this is a mere coincidence, but he's just not sure whose side Jacinta is on. The problem is, he also can't seem to get her off his mind.

Wow, this was freakin' great! I absolutely flew through this. This book just had everything I loved. The plot was amazing. Demon has a lot of back story that we haven't been privy to in the previous books of the series, and the way that worked into the story just made the plot that much more intriguing. He's been a bit of a mystery in the previous books, so it was good to finally get some more background on him. Plus there was a lot of conspiracy and mystery that kept me guessing throughout the entire book.

Demon and Jacinta are just a fantastic couple. I think they are my favorite so far. They both have had such deep losses in their lives but it hasn't stopped their capacity to love or be loyal to those who have become their families. Their beginning wasn't exactly ideal, but they were obviously made for each other from the start. I loved how they just couldn't seem to keep their hands off each other no matter how hard they tried.

DEMON SEED is the fourth book in the Hades Squad series, and I think that this could be read as a standalone. However, I think you get more of an idea of how close the squad is and how they interact with each other from reading all of the books.

With the intense action, totally erotic love story, fantastic characters, and intricate and suspenseful plot, DEMON SEED is just one of those stories that takes hold from beginning to end. Jianne Carlo has become a favorite of mine with this series, and I am hoping that we haven't seen the last of the Hades Squad because I love these guys!

Sheryl says

Sigh...i KNEW i was going to enjoy the story of Demon and boy DID I EVER!! Demon Seed is a hot, sexy read and in my opinion, the best out of the whole Hades Squad series! Demon is such a strong, alpha male with a heart of gold; all he wants to do is take care of Jacinta and this to him means letting her go, but his (horny) body doesn't want to listen. And Jacinta is such a sweet and innocent thing; she has only been out of her cloister (yes, like a convent and no, she's NOT a nun, thank goodness, that would have been too wierd) a short while and she is experiencing everything the world has to offer, from technology, to clothes, to food and of course *cough* sex (with the awesome Demon of course). Ms. Carlo writes really hot sex scenes *fans myself* and couple that with Demon and you have have one SMOKIN' story! Well worth the 5 stars if not more!

Jenny Prose says

Demon is book 4 in The Hades Squad Series by Jianne Carlo. This book is a stand alone book or can be read in order. I personally think that the other books have to be read in order, but this book takes place on location, verses with the rest of the Hades Squad. We do get to see some of our favorites, but not till the very end of the book.

This story is Demon's story. While he finds his lady love and has a similar story of where he falls hard and fast and wants to make this young girl his, its different because there is such mystery as well as a suspenseful story of trying to remain safe and hidden. Which of course doesn't happen because that would be a boring book. However the leading lady is strong and can more then take care of herself, I just wish she didn't have to face such difficulties in her young life. But because of all she's been through and all she faces in this book, show more than deserves to find a man who will love and protect her.

I loved this book because you have a strong alpha man who is ex-SEAL, and while he gets into many tight situations, its actually Jacinta who is only 20 years old, a virgin and lived her life at a cloister convent who shows how strength and determination can perceiver.

The only reason I didn't give this book 5 stars, is because I missed the dynamics of having the whole crew together. Having it just be Demon and Jacinta kind of felt like a dimension of the story was missing.

The_Book_Queen says

3.5 Stars, Review to Come...

Stephen Ashley says

The Demon Meets With A Fiery Lady

I just love all the details, and enjoy the twists and turns. Our main character is Demon, a former Navy Seal. The are on a mission in South America, prepping the details prior to the execution of removing drug Lord. Demon is observing a rape scene involving a short beauty. He becomes involved and saves her. He then falls in love. It was a rushed work, so it is a good read, but not one of my favorite plots.

Tina says

Demon's mission is going all to hell. He finds himself taking the virginity of an almost nun, Jacinta, only to find out that her connection to his goal is more intertwined than he ever would have guessed. Is Jacinta a mole or as innocent as she appears on the surface?

In *Demon* by Jianne Carlo, more is going on than meets the eye. There is a puppet master at work but are they for or against Demon? Ms. Carlo gives us another action packed addition to her Hades Squad series. Demon isn't use to someone who seems to see below the surface but Jacinta for all her innocence sees him. I found myself enjoying her butchering of American slang just as much as Demon. It provided humor that worked well to balance the danger that ran throughout this story. The characters were grittier than in previous tales and the violence was a bit more immediate but it was in no way gratuitous. Demon's mission was a bit more personal and finding Jacinta threw him off his game but I loved seeing him blossom under Jacinta's innocence and caring. She was determined that he see her as clearly as she saw him. I love that Ms. Carlo gave him a strong female who in spite of her innocence would fight to the death for her man. This story was full of action, emotion and humor. It is well worth your time and your money.

Four Twinkling Stars

Karin says

This is the fourth book in the Hades Squad series and the story is a twisting-turning romantic suspense. The narrative certainly keeps me guessing and sometimes is a bit confusing. If you are looking for a light, mindless read, this is not the book for you. However, if you want something to get you thinking, it is perfect.

Cindy says

Loved it.

He is an ex-Navy SEAL and is a member of the Hades Squad a security firm run by friends. He is Demon Seed and is undercover in the Amazon. I have been waiting for him to meet his match since I first read about him. He saves Jacinta from being raped and makes love to her. To prove there are together after she pleads for his help. He finally gets a good look at her after they escape and he immediately sees the resemblance of someone from his past. Great adventure waits. I love Demon Seed and Jacinta. He is such a caring and honorable man and he wants to protect her even from himself. Jacinta lived in a cloister and was planning to be a nun was raised to protect herself. They make such a wonderful couple. I love this series and can't wait for more.
