This workbook, "Cursive Handwriting Practice Workbook for Teens," is designed to inspire teens' interest in learning and practicing cursive handwriting. Teens enjoy writing sentences like "Wizard school is so cool," and, "Talk to you later." Exercises like these help to make learning fun, even at home. This unique teenage handwriting workbook provides teens who need to improve their cursive writing fluency a chance to do it with a more age appropriate workbook (since the sentences were prepared with a teenage audience in mind).

This workbook focuses on writing phrases and sentences in cursive in three parts: Students practice tracing and copying phrases and sentences in Part 1. Part 2 just involves copying (with no tracing). A challenge is presented in Part 3: The sentences are printed, and students must rewrite them in cursive. This requires students to remember what the cursive letters look like (though they can look at a chart on pages 5-6 if they need a reminder).

May your students or teenagers improve their handwriting skills and enjoy reading and writing these phrases and sentences.

### **Tiffany says**

I like this workbook a lot and, more importantly, my daughter has enjoyed it! I do think that it could be a little more complex than it is considering the age group.
