## From Reader Review A Special Power: My Poetic Observance of Life for online ebook

### Figgy says

A poem can be a particularly hard thing to review. Do you rate it on the style used, on the thoughts expressed, or on how it makes you feel?

And how, exactly, does one even begin to review a collection of thirty-eight poems?

Perhaps the most fair way is to rate each poem individually in order to gain better perspective.

The poems in this book deal with birth, life, and death. With friendships, adventures, and dreams. At times rather serious, and at others almost too silly, this is a difficult collection to rate. Adding to this difficulty is the fact that a lot of these poems are directed at specific people in the author's life, which can make it hard for a stranger to really relate or to understand all the nuances of the author's relationship with the subject.

Poems are knives that cut through your soul, leaving an indelible wound that reminds you of the vestige of all the beautiful and painful memories. Poetry makes you see and appreciate the smallest things in a bigger perspective. It resonates the voice of the unheard. And most of all, it lessens the complexities and assert verity in our labyrinthine life even without the use of numerous words.

As I have said before, poetry is not meant to be judged. It should be felt and appreciated...

A Special Power: My Poetic Observance of Life is the fourth poetry book I have read and I would say that this commendable work has the brightest premise among all. It tackles various topics including birth, death, a fruitful living, life decisions, the people who shaped our lives, and moments that we treasure.

My Poetic Observance of Life... This is indeed a perfect title for the book. I like how the first poem in the book justified the theme of the whole collection. The poems are truly insightful in a sense that you could feel the sadness and the blessedness of the author as he write them.

The poems he wrote about his friends and family are incredible. As a friend, I would highly appreciate it if a

friend of mine wrote a poem for me. I think that a poem is one of the greatest gifts that a person could give.

Through the poems, you will be able to identify what kind of life the author has lived. The author was able to express how satisfied he is in his life for he was able to live the kind of life that he wants. The author also included some profound advice as to how we could overcome the struggles and hardships that are ahead of us.

The author's literary style is refreshing! These days, most poems are filled with numerous metaphorical lines... This one is written with divine simplicity. I think that it is really amazing to be able to read poems like these again. His poems are the kind of poems that you would love to read everyday before you officially start your day.

A Special Power: My Poetic Observance of Life is an inspiring and heartwarming collection of poems that will surely enlighten the thoughts of humankind.
