Contorted Emma James

COMPLETED SERIES TO BE READ IN ORDER

ALL BOOKS AVAILABLE ON KINDLE UNLIMITED WITH OVER 1.6 MILLION PAGES READ.

EDGE - ENFORCER for the SOULLESS BASTARDS MC

I've decided there's no virtue in patience.
It's f*cking torture.
And that goes for DM Christmas songs too.

WHISPER

Opportunity may knock only once, but temptation leans on the doorbell.

Survival has become a waiting game, choreographed by a schedule to keep me complacent.
Mathias and Rose are my constants.
My frenemies.

MATHIAS

Good girl.
Be afraid of me.
It will make my job easier.
Until she's caught between a desk and a Hell's bastard.

ROSE

I am a shell to be f*cked with.
But I am a survivor.
I have my own Sasha Fierce.
Just give me a reason.

CEZAR

You haven't seen my bad side yet.
It will leave you speechless.

HAZARD - PRESIDENT OF THE SOULLESS BASTARDS MC

*Night-vision goggles are the f*cking best.*

"Ready or not... here I come."

What happens when Cezar turns the tables?

Just remember to breathe.

Contains adult situations which may offend and graphic violence, but it is one hell of a fictional ride. Strap yourself in. For mature aged readers 18 +.

From Reader Review Contorted for online ebook

Robyn Corcoran says

This series just keeps getting better and better!
Emma James is a true mistress of intrigue and romance.

Whisper is hurting both physically and mentally locked away in Cezar's wicked world.
Edge is desperate to find her but has to be patient! There is much planning and work to be done before even attempting to rescue Whisper and the other girls.

I really enjoyed the interaction of both this author's series, it's subtly done and perfect in it's execution. Even though this is a dark story there is humour as well e.g. We cover each other Mr. and Mrs. Smith style, back-to-back. The humour is used extremely well to lighten the story and bring more emotions and feelings forth. 'OMG!' is something I say aloud a few times throughout this story, not only are the scenes dramatic and at times traumatic, they really grab you by the throat & you can't wait to read what happens next.

I applaud Emma James' continuing high standard of quality writing and even though there is another cliffhanger, it is a sensationally entertaining book that I truly recommend to everyone. If you have read the first two books then do that first.

Dee says

we meet all new complicated and very dangerous characters in this book. We will see who bands together for survival and who cracks. this story only gets better and better.

Pauline Devaney says

I read this book some time ago and have only just realised that I have not written a review here?This book has everything. It is such an adventure and I am loving being carried along with all the emotions, good and at times sad, I am hooked on this series!!!

Andrea Gillan says

Jeez

Whisper is in her own hell. Edge is barely hanging on. Edge will do anything to get Whisper back and if that means he calls up the gates of hell he will. Boxer, Lincoln and Edge come together with an unlikely crew and set out to get her from the depravity. What they find the can not comprehend.

Hot, dzmnn this is a sick as rollercoaster ride. I wish this series get some for and produce into a movie

Tamara says

Still hooked on the series. Gracious...the things Whisper has been put through!

A Book Lover's Emporium Book Blog says

Wow! I have just finished reading Contorted, at 1am, and I'm reeling. What a ride! It is action packed, dark and twisty. I'm hooked.

The story is based around Whisper, a young woman who has a very traumatic past. She was taken and held captive. Her trauma doesn't end with this one event, trouble seems to follow her. Edge is her knight in not so shiny armor. He, along with Whisper's friends, are on a mission to save her. The book is written in multiple points of view. I enjoyed this and didn't find that it detracted, rather it enhanced the reading experience. It made the story fast paced, building and building until kapow! Then there are the twists! They kept coming. Who? What the f#*k? No way! Say again? Oh no, she didn't? That was my head the early hours of this morning.

It's not all kidnapping and terror. There are moments of romance, sex and even humor. Each chapter has a title, my favourite is "Brings a whole new meaning to pain in the arse".

Contorted is the 3rd book in The Hell's Bastard series by Emma James. This is a true series, you must read all the books in order. Some people don't like this, but I find with these types of books suspense is what it is all about. The story is developed so thoroughly by the author each instalment. I'm am left now wanting more.

Michel Reinhard (Smut Book Junkie Reviews) says

Writing this review has left me dumbfounded. I'm not quite sure where to start or what to say so that I don't give away spoilers. I have attempted to draft this review several times only to hit delete. I am really struggling to find the right words to do this book and this series justice. So let me begin by talking about the series itself.

The Hell's Bastard Series must be read in order to grasp the full intent of the story unfolding. Each book is delivered with a perfectly synchronized installment that drives this series in a new direction before reaching it's ultimate climax. Making it unpredictable.

The Hell's Bastard Series by Emma James is unlike anything out there. It is a dark romantic thriller that touches upon human trafficking, captivity, violence, abuse, and psychological torment. At the same time it also showcases the things that make life valuable, such as family, friendship, love, integrity, and confidence in oneself to stay true to their inner self. It's all blended in a shroud of mystery, suspense, and danger at every turn. There is more than a warped evil villain contorting each and every move. Each installment in the Hell's Bastard series contains one word and one word only. Pay close attention to the word title of each book. Look up the definition of each word. The title is what propels this series to the next level.

wrench

ren(t)SH/

verb

past tense: wrenched; past participle: wrenched

pull or twist (someone or something) suddenly and violently.

warp

wôrp/Submit

verb

past tense: warped; past participle: warped

1.

become or cause to become bent or twisted out of shape, typically as a result of the effects of heat or dampness.

"wood has a tendency to warp"

synonyms: buckle, twist, bend, distort, deform, misshape, skew, curve, bow, contort

con·tort

k?n?tôrt/Submit

verb

past tense: contorted; past participle: contorted
twist or bend out of its normal shape.

Contorted is the third book in the Hell's Bastard series. It picks up where Warped left off. Whisper is being held captive by Cezar Pavel in a secret location. His psychological games are contorting what's coming. While Whisper is desperately hanging onto her sanity and hope that Edge will find her, she's slowly losing the battle. The things she thought she feared most are turning into something else, not quite as frightening. The unimaginable fears are beginning to materialize. It's only the tip of the iceberg. What Cezar Pavel has in store for her makes her years in captivity with William Dupre look like child's play.

Cezar Pavel is biding his time and conditioning the girls for upcoming main event. He's carefully chosen his sentinels to do his bidding. His rule is unquestionable. To question is not without consequences. He's personally conditioned his executioner to kill without questions or remorse. He carefully hides their identities behind Venetian Carnival masks. These masks instill fear and complete obedience. No one knows his real identity or those of his sentinels.

Edge is desperately trying to find Whisper. It's like looking for a needle in a haystack. In the ordinary world Cezar Pavel does not exist. In the underworld there is barely a trace of Cezar Pavel. He has completely hid his existence, he hasn't left any crumbs to follow. The only thing that Edge can do is follow the small trail of crumbs he uncovered at the secret air hanger. It's a waiting game where time is running out before it began. The only thing he can do is enlist the help of Boomer and his crew (Whisper's family), call in the Soulless Bastards MC, the Lions Den MC, and Slade Malone (Ocean Beach Series). Following that one crumb turns into a meticulously synchronized rescue attempt that turns into an unpredictable and explosive cliffhanger.

As an avid reader, I am not one to shy away from dark thrillers that portray extreme violence and inhumane actions. I accept these conditions as part of the overall story. Usually at this point in a series I have an idea of what direction the series is going. I can usually loosely predict what is to come next. Contorted was a different story, what I thought was coming did not unfold. The players were as unpredictable as the plot. I was completely SHOCKED by the outcome. I cannot even imagine what could come next because I was left with so many questions as to the who's, the why's, and how are they all connected. I am sure Emma James has a lot in store for the readers with the last two books before Whisper can finally find her happily ever after... or should I say true beginning... true freedom. The next book is Entwined and will release in 2017. The title itself assures me that I will get some answers but will probably end up with more questions before the final book, Venerated releases.

Emma James has proven beyond a shadow of doubt how truly talented and brilliant her writing is. The vivid descriptions (which had me Googling like crazy) and synchronized scenes told from many different POV's made this story come to life. It was a consuming reading experience!

Carmen Baldwin says

Still so good!

This is the third book in Hell's Bastard series and the story is still so good and interesting. It starts with Edge and his brothers and Whisper 's family which I can say is as bad as Edge Motorcycle Club brothers finding out where Whisper is, the bad guy name is Ceriv and he is very bad and has her well hidden but she has help by name the of Rose, Mattus, Adam. They finally find where Whisper is , then the action starts so great, but

there is sadness too! Things goes there way for moment but Whisper is in bad shape, can't wait to see what happens next! On to the next book!?
