Bad Behavior Leah Holt

She was sweet and pure... until I got my hands on her.

When I saw Ivy for the first time, I knew I had to have her.

She's an innocent princess who fights like a wildcat and tastes like honey—and my father wants her dead.

But I can't. I won't.

So I tried to cut a deal with her owner; I was ready to pay for her, to keep her forever.

But the man who owns her isn't willing to give her up. Worse, he wants her virginity.

He'll be pissed when he learns I took it.

Ivy loved every second of what I did to her. She thinks she's spread her legs for some hero but that's wrong;

I'm as violent and dangerous as they come. If she doesn't believe me, she will soon.

Because no one will stop me from having her...

Ivy is mine, and she'll always be mine.

WOW!!! This was incredible!! Such a naughty read I thoroughly LOVED this. I honestly didn't know where the story was going to lead to, most books you read you know exactly who's had and who's going to do what. Though we know who's bad and who's good, we don't know how the story will unfold and i loved that. Can't wait for more!!!

I received an ARC copy of this book and I would HIGHLY recommend reading it. Fantastic!!!!

April Symes says

Ivy was sold by her father to a bad man named Remo for her virginity and he was waiting for the right time to take that from her. He, in the meantime, was training her to get prepared for what he wanted for when he takes that from her. Her life had become horrible and a living nightmare. Dante is the son of Bane, who is the head of the Pisani mafia, and Remo owes the Pisani family money. Dante sees Ivy and ends up kidnapping Ivy as a way to force Remo to force him to pay what he owes and to save her. Ivy wont be returned until he pays back the Pisani mafia. What Dante didn't expect was to fall in love/lust with her. The attraction between Dante and Ivy is hot and so burning, that you have to be careful not to get burned by the heat between these two. When it's time to be returned to Remo, Dante has a very hard decision to make--- will he keep Ivy and defy his father which means risking his life completely in essence to be killed or let her go and hand her over to Remo ? What will Dante do? Will he save himself or save Ivy instead?

What a great story with several twists and turns that keep you glued to the story. I loved the romantic suspense peppered with sensual heat. The ending had a huge surprise, in my opinion but you have to get this book to find it out. What a treat for this holiday season.

My Rating: 4.7 stars *****

Good thriller mafia....

This was a good 1st book in this series, yes.. this book has a cliffhanger at the end, but i sure hope we don't have to wait long for it... it is a WOW!! Dante is the 'H' yet there is one man he has not been able to step up and question his actions even when he realizes they don't add up, his father. -the BOSS!! Now having to take Ivy from a man they do business with to get some response & obedience out of him.. Dante & Ivy are thrown into a mess that can cause to families to end up going to war.... looking forward to book 2.. there are a lot of heated moments in this book, still a lot of questions that need to be answered, thriller, hot sex scenes, abuse & so much more..

I loved loved loved this. Dark romance for sure. Dante struggles with his familial pull and need to follow orders as he always has versus a new need he has for doing what is right for Ivy. As much as he didn't see himself as (what Ivy had said) a good man who was a lost boy - he really was that. This is a story about a man coming into his own and a woman who is fighting tooth and nail for life. Ivy is a commendable character and I adored her fighting spirit. We get a happy ending here but the story isn't over so it's not a complete ever after scenario yet. I'm eagerly awaiting the next book to get answers to so many burning questions. I received this book for an unbiased comment.

I received this ARC in exchange for an honest voluntary review Ivy has been taken from the guy who bought her from her family, Remo, n is now being used as leverage in order for Remo to pay up to the Pisani family. While in captivity, she is about to be raped until Dante interferes n saves her. Pretty intriguing how the relationship between Dante n Ivy develops. Loved how strong a woman n fighter Ivy was. Wish there would have been more action but it seems like that will be happening in the next book since this one ends with somewhat of a cliffhanger.

Ivy had a hard life. Being stolen, sold & traded. Until she meets Dante who decides to keep her safe. The sparks fly & I can't wait for the next book in this series to see if they get their HEA.

4.5 Stars! I don't usually read dark books but I actually liked this one! Ivy is a tough, outspoken woman & I love when the main female is like that! I would've liked a little more backstory on Ivy. The main male character, Dante, was a tough, bad guy but he was also sweet, in a way. This book was super sexy too!! The only part I wasn't crazy about was the ending & that's just because I hate cliffhangers & this book had a bit of a cliffhanger/teaser-hopefully the story will continue in another book soon!! I have so many unanswered questions. But even with the ending, I'd still recommend this book!

I received a copy of this book in exchange for an honest review!

I received an arc of this book for my honest review. This was my first book by Leah Holt and I loved it. It definitely left me wanting more. I need to know what happens to Ivy and Dante. Does Dante get revenge, will he and Ivy get to live and love forever? This is definitely a 5 star book in my opinion.

This was my first book by Leah Holt and won't be my last. I loved this story and can't wait for the next book!!!

Ivy was living in hell, being stolen & held hostage and used for payment from the man who had bought her. Dante saved her from being raped, then took her to make sure she was safe until the deal was done. Little did he know how much he was willing to give up to keep her safe!

Ivy & Dantes attraction was immediate regardless of how much they both tried to shut it down. Them together would be a recipe for disaster, especially for Dante! This book had a lot of twists that made it a real page turner.

Ivy was the type of heroine I love!!! So strong and so very fierce!!! Even in the most horrible situations she was never meek and quiet, she never backed down from a fight.

I received a ARC copy of this book for a honest review and I loved it!!!!

I got this book as an ARC for my honest opinion. This is by first book by Lean Holt. I have been really getting into the Mafia books but it is mix with dark romance and that just got me all excited. I could not wait to get my hands on this read. I was not disappoint it was well done.

Dante runs the business with his father Bane. After been double crossed by Remo. Dante kidnapped Ivy until they get what they are owed. Bane wants Ivy dead but Dante can't do it. He is normally a bit cold heart, but something about Ivy warms that dark heart of his. Will they get a chance for love or will it be back to business for Dante?

Tiffany says

This is the first book I've read by this author and I thought it was great! Ivy is one of the strongest heroines I've read about in a long time. She is feisty and not at all scared to stare down (and beat up) the enemy. Even when things look dire, she doesn't quit fighting for herself. Everything about Dante makes you want to hate him in the beginning, but he has a way of eventually winning you over. He is trying to do the right thing while trying to show his dad he's not a screw up. Deep down he doesn't really like doing the things he's forced to do, but what side of him will win out in the end? I couldn't put this one down.

I voluntarily reviewed an Advance Reader Copy of this book. This is my honest review.

A Dark Mafia Book that will keep you on your toes. There are many twists and turns in Ivy's life ... from being sold by her father to Remo, then being kidnapped by Dante Pissani because Remo owes his father Bane Pissani money. What I really like was Ivy's strength. She fought and fought to stay true to herself throughout the craziness, until she fell in love with Dante. Dante also fought, but he pissed his father Bane off one too many times and was told to return Ivy to Remo. Will Dante choose love over family commitments? If you love Dark Mafia Books then this book is perfect for you. Note: There is a cliffhanger at the end of the book. I volunteered to review an Advance Reader Copy of this book.
