## **Breaker** Kimberly I. Belle

Breaker: I am the President of my MC, the Corrupted Saints. We are an outlaw motorcycle club that doesn't take sh\*t from anyone. I turned this club around with my brothers and cleaned house of the women beaters and drug users. I can't stand people who think they can take advantage of defenseless people. I watched my mom die at the hands of an abuser and when she passed I could never love another human being. Sure, I get my kicks with the club whores but that was it. I love this club and didn't think I could love anything more. That all changed when I met her. All it took was one look and I was hooked.

Charlotte: People look at me and see a shy, curvy doctor, who's in control. I try to keep to myself so no one will notice me. People think, "oh she's a doctor, she has a perfect life" but, little do they know that I harbor a dark secret. I can't love someone, I am not allowed, they would get hurt. I have lived my life the past three years thinking I could never love someone. It wasn't until my friend took me to a party at the Corrupted Saints MC that my life changed. He can't hurt me anymore.

Tank, A Corrupted Saints MC book is a ~19,000 word MC romance with no cliffhangers. It will fill you with anticipation and excitement.

This book is a work of fiction and is for mature audiences only. There are themes of domestic violence, obscene language and sexual situations.

## From Reader Review Breaker for online ebook

#### Loved it

I don't know how the people we love can be the ones who hurt us the most. But there are still bad boy heroes out there.

#### 3.5 Stars

I enjoyed this book but I wanted more. The book wasn't long enough for me. I needed more. I wanted to see more of Breaker and Charlotte as a couple. I liked Charlotte and Breaker as a couple but Breaker irritated me at times. At times I felt like Breaker didn't want Charlotte as much as he claimed. It was only towards the end and the epilogue that convinced me of his love 100%.

The danger in this story had me on the edge of my seat but it felt like I had blinked and it was over.

What annoyed me was: Breaker knew that Charlotte's brother beat her yet he let her go back home twice. I wanted him to demand she stay and he protect her but he didn't. I was shouting at my kindle for him not to let her go back!

I liked Charlotte's friend Heather and would love to see more of her.

The storyline for this book is easy to follow and an enjoyable read. I would say I am looking forward to reading Tank's story, BUT I am nearly finished reading it! Tank melted my heart in this story. His quick friendship with Charlotte was sweet. I need Buzz's story now!

It's short but the flow is pretty good. Book has all the elements of MC book but needs to be developed more. Good characters but because the book is so short we don't feel a lot. It becomes like reading a news article. Tank has lots of promise along with Buzz, for continuing characters.

Heroin abused by her brother and that falls on the radar of the President of the Club. No big deal in the history that has all elements already known in books about bikers but fails to develop or excites the reader.

#### Wonderful

This book was a little light on the mc part but packed full of love.

Safe with an exception. (Not once she was in his bed) hfn

Could have swore I found this for free, I know I didn't pay \$2.99, gave up my Kindle Unlimited for Lent ... maybe I will grab it up again soon? Glad I noticed it when it was FREE. I have never read anything from Kimberly ... it was a great read. If you have triggers toward abuse, beating, hitting, might wanna stay away from this. I have no issues with boxing but I think both parties should be allowed or should be apart ... when you have 1 people beating the crap out of some one it seems so cruel ... I get it is just a book but the mushy gushy side of me wants all roses, hearts and love ... I know, I know this world is not that completely. I found the story easy to follow, I have most recently found a lot of ladies enjoy writing biker gang stories. Is gang the right word to say? group, a bunch of fellows? any who ... Must read if you enjoy biker dudes stories. I will be checking more about from Kimberly. One word I saw a lot in this story (oh pooh, I can't find it in the box, suddenly "bridal hold" or was it "bridal lift" any who ... the point is ... you pick up and lift the lady ... like you are gonna lift her into your new home after getting hitched. but this is just the biker dude pick the chick up nothing about a wedding or suchness ... a different term that I'm not use to or ever heard. I enjoy that, when authors use words, or phrase you might never have ever heard of before, Check this one out. Loved it!! ( ;

#### **Love at first sight**

This was very enjoyable. Breaker the the big sexy handsome biker and Charlotte is a doctor. The interplay among the characters is great. But I was a little sad at the speed of the story. I would have liked a little more. I will try book 2

#### **Nice quick read**

I thought this was a great quick read. I love how sweet Breaker was with Charlotte. It's not long and drawn out like some of the other MC stories I've read and it hooks you from the very beginning!! I'm really looking forward to the next book.

#### **Love it**

I needed a new author and she is amazing. I couldn't put the book down. Can Breaker find love and let someone in? Must read

### **Vic says**

I think it is a very good start. Often times the first book in the series is a little short, which this is, lacks the little details, which it does, but has a great storyline that could have been developed a little more; and this is entirely the case. I feel like a high school English teacher when they write in red pen "more detail". That being said the storyline is great and draws you in-you just want more. I did read the second book Tank right after this and will tell you the 2nd book is better, more detail and with a more developed storyline. I read the mix reviews on this and tell you to keep going to the second. And now I am waiting for the 3rd. Will be interesting to see this author develop. Would like to see after a few more under her belt, perhaps an update to this one.

Read is quick, spoiler\*\*\* was slightly disappointed the doctor is not strong enough and is a little weekminded for being a doctor - but it goes to show, no matter who and where, abuse is around

#### **Great MC bikers book!**

I love MC bikers romances and this one was a great one, New author for me that I am going to read again because there is going to be books on the other brothers of Corrupted Saints MC. This is the story of the President of the Saint's Breaker or Mason and Charlotte, the first time they meet is at a party at the Club and her friend Heather her friend bought her there because she is shy. When Breaker saw her he wanted her but she had a very bad problem that hurt her and she was afraid to bring problems for others, wow what Charlotte went thru so painful. Breaker was my hero in this book and I loved the other characters in this book too. Charlotte was a sweet and kind Doctor that didn't want to hurt any one so glad Breaker was her hero. Great book! Would recommend this book and author!
