**Pure Evil** Loki Renard  
A Dark Gay Romance

Payback is a... bloody long time coming.

Crime lord Angelo Vitali is has been at the top of his dark and twisted game for decades. He makes a mockery of the lawful and the lawless alike. He can't be defeated by conventional means. Even the FBI can't touch him - but there are people in the world who play by the same set of rules he does: anything goes.

And they've picked a champion.

Damien Colt is an ex-marine and mercenary for hire. If anyone can take Angelo Vitali down, it's him. He's younger, stronger, and he has the complete backing of some very influential people. He's been sent not just to kill Angelo, but to make him pay for each and every one of his sins before he dies.

When you dance with the devil, you have to be careful. And when you tie the devil down, you better be darn sure you know what you're doing. The world has never seen Angelo Vitali with his back against the wall. It's an experience Damien might not survive.

## From Reader Review Pure Evil for online ebook

### Renee says

This was deliciously cruel. Everything came together and really pushed the boundaries. It twisted my emotions repeatedly. There are so many unexpected turns that after finishing all I can do is wish there were more. I really felt for all of the characters at one point or another, which was shocking in itself. The only bad part about the book is that it had to come to an end.

5 stars for deliciously evil twisted darkness.

---

### Badh says

Oh, the House of Vitali. Powerful, scary, and one that no one wants to join. In fact, according to the members of the house, that's the only pre-requisite to joining the house.

Devious, tricky, and pure evil, Angelo is back with his boys, Mark and Bobby, the disgraced former FBI agent and the junior mobster. Only, he's not exactly with his boys right now. Angelo is in NYC fighting stupid little law problems while Mark and Bobby are in hiding. This is, right up until he gets taken by a mercenary named Damien who has been hired to kill him.

OMG, Angelo is really evil. He's also so devious that he makes Machiavelli look simple. Even days after reading, I want to know how far ahead Angelo was thinking, and who knew what and when? And it's not like Angelo ever only has one plan in place. He always has 50 with another 50 in backup, just in case. Angelo is the kind of character who makes me think when I wake up in the middle of the night and I have to get up and makes me wonder what he was planning and how far ahead he planned. It's awesome.

I wish I could give this book 1000 stars because it is so good. There are so many things going on and they mesh together so well, and it means that there is always something that new to figure out. I need more Angelo and more House of Vitali.

---

### Linda.. aka Ahsoka says

#### I loved this series

And all the characters.. especially Angelo.. but I was a little disappointed in this book, so much going on with so many twists and I feel Darien was underwritten with his motivation and feelings.. I literally had to reread the ending twice in order to halfway understand or draw my own conclusions about Darien. I feel like his was a story incomplete. Still recommend reading its just not up to the standards of the previous books.

---

### Dia says

Would you look at that cover? ? So HOT! Unfortunately this story wasn't.

It pains me to rate it with only 3 stars but I expected so much more. It was supposed to be a dark one and unfortunately it wasn't. Grayish and with so many twists it just made my head spin. I've read a few other short stories from this author and this one is my least favorite. It could have been SO much better. Well maybe it's only me wanting more. But I've read a real dark book few days ago and this one seems sugary sweet in comparison. At least the writing was good and it kept me entertained.

---

### **Kelly says**

Although I usually do not read M/M novels, I found this one quite interesting. Loki Renard creates strong male characters who try to control each other, while being controlled by Angelo. The twists and turns in this book sometimes were surprising and shocking. I recommend this book to anyone who likes to read these kinds of stories.

---

### **Jan says**

Has Angelo met a new one to take into his harem, lol. Damien intrigues Angelo and he wants to know more about him. Damien snuck right under Angelo's radar and took him. Damien had revenge in mind but Angelo had something "different" in mind.

Why is it when Angelo speaks, these guys all have a shiver run down their spine? I swear it's like this man talks to their inner needs and sets them on fire. And yet at the same time when Angelo makes a statement about "Whatever you do to me, I will do to you double" can make anyone want to pee himself. THAT sent a chill through me. He is smooth evil, if that even is a word.

Then you have Mark and Bobby. Why is Bobby still around. I know he is a boy toy but come on, that boy is the biggest pain in the butt. I have to say, Mark has come into his own. He may have been a rookie Fed but he is so much like Angelo in his calm manner. I do love that he can order Bobby around and make that boy cry or just stop talking with embarrassment.

OK then we have a twist in the story. I was surprised, I didn't expect that. I didn't expect A LOT of what was going on. WOW! And as you read on in the story, you KNOW something is going to go so wrong and so bad. There were times my jaw dropped and then I was laughing. AND HOLY HECK, the final turn was what I was hoping for. How crazy is that. I don't know how you do it Loki, but that one kicked it.

---

### **Saskia says**

The story of Angelo, Mark and Bobby continues in this whirlwind of a story. This story had so many twist and turns that my head was spinning. Who was betraying who, which games was being played. This book will keep you guessing from beginning to end.

And I loved seeing more of the characters and their interaction. It made laugh, sit on my edge of my seat. And even though how they become a family is so not conventional, they are a family. Just one with darkness in them.

I don't want their story to end.

---

### **Rachel Dunlap says**

"Nobody wants to join my house. In fact, not wanting to be a Vatili is a pre-requisite for becoming one"  
This line pretty much sums up how I feel about this series. No one wants to be a Vatili boy until they are and then they are loyal to that each other until the end. To yourself a favor and start at the beginning and read all the amazing words that Loki Renard has gifted us and enjoy the wild ride.

### **Rose Howse says**

#### **Evil, Unnerving, Worrying and Disturbing**

What can I say, I loved it!!! I started off worrying about Angelo, then things turned and my concern was for Damien. Things went haywire and my angst was elevated for Mark and Bobby. Most alarming was I cared, both for Angelo and Mark the most. Damien was a different breed it seemed, but still I worried and worried. My unease was justified a few times and my shock at the situations each man found themselves in was surprising even to me. In a nutshell, one word describes how I felt about this Pure Evil story, WONDERFUL! Thanks again go to Loki Renard for writing with her twisted, and at times, disturbing mind. Keep up the excellent work!

---

### **Shel Griffin says**

#### **Angelo vs Damien**

This was really different and intensely plotted... I love the story twists and how all the different characters react to the new character in this story. Damien is a NYPD officer who is undercover hunting Angelo. He is looking for his long lost friend we find out. His former lover Mark. This story was so entertaining that I have been reading the three books since late last night.

---

### **Sabrina says**

This is the worst thing I've read in a while.

**WARNING: ONE OF THE MAIN CHARACTERS DIES A STUPID DEATH.**

Angelo is a piece of trash and so is Bobby or whatever the fuck his name is. I feel so so bad for Mark and Damien.

Mark is such a clear victim of Stockholm Syndrome and so is Bobby, to some extent since he is beyond repair and just plain cruel and evil at this point. Mark had the opportunity to be redeemed if he only had the balls to cut ties with Bobby and heal with Damien.

---

There is nothing much to say about Angelo except that he is cruel, evil, sadistic, says he loves his boys but that is NOT love but plain abuse. THIS IS NOT BDSM IN ANY WAY!!!!. He should have remained in jail, rot in there and die. I am all for an evil character and an ending where the antagonist wins but it is so hard to enjoy it here when I know the other characters are victims (except Bobby) that want to be redeemed but can't seem to find the light at the end of the tunnel and they could have, if the antagonist hadn't appear again and fucked everything up.

Now Damien. The story made it seem like it was going to be alright for Mark and Bobby. That Damien would have helped them to break free of Angelo's grasp but NO. Let's kill him off and then make him a traitor for the sake of making the actual evil character seem nice and good. You'll say "oh but Damien was lying and he had a family, he was straight." He wasn't. That man was gay as fuck, at least towards Mark, whom he loved very much. He just wanted to save Mark and end the cockroach that is Angelo. He was willing to put up with Bobby too, for the sake of Mark.

I am so fucking LIVID the author killed him. Hell, I would have even be happier if he just stayed as a brainwashed toy for Angelo, just like Mark and Bobby are. This is NOT a story with a happy ending. Twisted evil wins and nothing is resolved nor there is any healing involved.

---

### **Chris says**

This was a little messy for me - I really enjoy these characters but sweet heavens, so many moments of double crossing, triple crossing and fake plays ! These guys have an intense relationship but it remained fairly surface level - I really wanted time to unpack their unique connections and reliance on a acc other for Dominance and submission. In the end it doesn't matter who appears in the story, it's always down to Angelo. Mark & Bobby

---

### **Stella Gladden says**

#### **Very interesting...**

I read all three books in the House of Vitali series and found it very interesting. It took these three men to find how much they loved and cared each other. They faced all kinds of difficulty, but let none of it destroy what they felt for each other. It was a very romantic and interesting, I would recommend it to anyone.

---

### **Christine says**

Another book about the Vitali men! This book was crazy all over the place I didn't know how to feel. Of course Angelo is awesome and Mark and Bobby as well. Mark surprised me with the way he acted. Damien was new and I'll have to admit I didn't like him, at all. But I did feel sorry about what happened to him in the end. I also feel sorry for Mark but kind of unavoidable that, something like that would happen. Very interesting read.

---

## **Terri Trawets says**

When I began this series of connected, yet standalone stories, I was not sure what to expect. I feel like I stepped out of my original comfort zone to embark on a thrilling, exciting, unpredictable ride into places and with characters I had never considered learning about. Pure Evil continued to intrigue and seduce me with the unbelievably awesome twisting and turning minds and bodies of these individual, and Oh My Goodness, how much I loved it!! Somehow, in this book, good and bad intermingle and merge and become almost indistinguishable. Each character is unique and composed of many layers, and getting to know them has been a mind-boggling adventure.

I am in total awe of a writer who can take her readers on such an all-encompassing, vibrant and alluring ride, leaving us fulfilled, yet wanting more. Thank you, Loki Renard.
