# Fall For Me Again

*Ali Parker*

**Fall For Me Again** Ali Parker

**Love isn't something I deserve. Not after everything I've done.**

None of the women in my life were there for the right reasons.

Not my wife, who I married for convenience and to shut my father up.

And not the beautiful girl from my childhood that I used from time to time when it pleased me to do so.

Not a single one of them. I've burned so many bridges and broken far too many hearts.

And yet, fate has a way of f\*cking with a fellow.

As CEO of my father's billion-dollar publishing firm, I'm always looking for great writers, and a new one just showed up.

My high-school fling.

Not that I expected a warm reunion, but this delicious tart is having none of it. No matter what I do to push.

I'm a different man now, and I want a love affair to fulfill my life. The kind most people only dream of.

It's the holiday season, and I have one wish.

To find the right woman for me and my son to spend our lives with.

Crazily enough, she's sitting across the proverbial negotiating table, looking for a job.

Little does she know, she's got the job, the ring, the future—if she wants it.

**I just need to convince her to fall for me again.**

## From Reader Review Fall For Me Again for online ebook

### Ramona says

The emotion and feeling in this floor me...The story of Dallas and Elise it's a beautiful, bumpy emotional one.

Dallas wasn't the best version of himself when they were younger, but he has grown being a single Father for 5 years.

Elise is still bitter over how their relationship ended, although Dallas is showing her that is mature and not the man he was back then. Will they be able to work together and forge a relationship?

Ali Parker can pen some wicked good romances - I really believe that this one has topped my list of her books.

---

### Zelda says

Second chance romance of Dallas and Elise. I mostly enjoyed the story but felt a couple of things were still a bit up in the air at the end. One of the things I like most about second chance romances are the shared memories of past moments; their past was so painful that there weren't many of them. I liked Elise and her honesty. Dallas, well, his relationship with his father was complicated & he was unwilling to rock the boat. He could have used some of Elise's honesty. Well-written story.

---

### Kara Quade says

Dallas is the CEO of his father's publishing firm who is looking for the new up and coming writer and is a single father. Elise is a writer struggling with her first book and looking to make a deal to get her book published to help her family financially. Elise and Dallas were together in high school when Dallas wasn't running around with other girls. Dallas' father hated Elise and told Dallas to dump her. When Elise shows up for a meeting with Dallas, they are both shocked to see each other. Dallas sees this opportunity as a way to make amends for his past with Elise and to show her he has changed. Can Dallas get his father to approve of Elise's contract as a new writer without him finding out who she is? Can Dallas prove to Elise he has changed since high school? Can Elise forgive Dallas for hurting her in high school? Can Dallas and Elise find their happily ever after? I really liked Fall For Me Again by Ali Parker. I would definitely recommend getting Fall For Me Again by Ali Parker. I received an ARC of this story, and I am leaving my honest review.

---

### Carol D says

Dallas has major daddy issues throughout the story. Even though he was a kid when he broke up with Elise, he never defended her - even as an adult. Dallas just practiced avoidance with his father, that is when he wasn't agreeing with dad that Elise was not going to be in his life. Dallas' description of his relationship with his deceased wife was also inconsistent. The ending was abrupt and personality turnarounds too quick.

---

## **Velda says**

It took me a few tries to get into this book and some of the back story is a little similar to other like minded books, however once in I really did enjoy the read. I wasn't at all keen on who Dallas used to be but do believe people change and second chances are a thing for a reason. Elise is a great character and the history between the two seems insurmountable especially considering Dallas's father really didn't like Elise back in the day. Elise like Dallas however deserves a 2nd chance and this book does deserve a 2nd glance. I received an ARC copy of this book and I'm leaving my honest review. I have read better, certainly from Ali but it was easy to read and enjoyable and I would recommend it, certainly to anyone who wants to enjoy a read they can pick up and put down.

---

## **Tianna McPherson (Anna Lee) says**

With each book that I read from you, I become more and more in love with the writing and your characters. This book was no different. It transported me into a story that I loved so much. It felt as if I was there right along side them. I laughed, cried and just plain got so emotional that I had to see how it finished. Thank you giving us another great read and I'm looking forward to reading what's next. I give this book 5 stars. I voluntarily read and reviewed this book as an Advanced Reader's Copy.

---

## **Chelsea 'Miss Kindle Addict' says**

This book was such a lovely read and I'm so happy I came across it and found a new Author to Love!

I absolutely loved reading this book! It was a nice easy read with lots of twists and turns.

I love second chance romance books. But this one exceeded my expectations!!

The story-line was great and worked so well! The chemistry between Dallas and Elise was beautiful, and with how much detail was in the book, I felt like I was right there along with them!

This book was very enjoyable and kept me wanting to read more and see how things turned out. I would 100% recommend it! I can't wait to read more by this Author.

---

## **Paula says**

Dallas Jansen - PR guy for Treo Publishing

Chance Becker - Human Relations for Treo Publishing

Elise Billingsly - according to Dallas "The girl who had my heart wrapped around her pinky finger and didn't even know it."

Elijah Miller - Account Manager for Treo Publishing who had gone to high school with Dallas

---

Roy Jansen - Dallas' 5 year old son

Kate Billingsly = Elise's older sister

Winzly - an agent who works closely with Treo Publishing

Dallas and Elise had both been band students of Mr Arthur Johnson in Bar Harbor, Maine. Mr Johnson is retiring and they meet at his retirement party. Elise gets up and leaves. They had dated in high school and something must have happened.

Winzly sends Dallas an email with info on a new writer she KNOWS is going to be a hit. Dallas knows Winzly is good with her predictions. When Dallas goes to the arranged dinner at a local restaurant to meet this new writer, it is Elise. They both actually talk business. One gets the feeling Dallas would like the conversation to be more personal but Elise is having none of that talk and Dallas respects her enough to keep it all business.

However, the longer they discuss her signing to Treo Publishing, the narrower the line becomes between business and pleasure.

---

## **Modern says**

Fall For Me Again is the second chance love story between high school sort of sweethearts, Dallas and Elise. Being young, dumb and easily persuaded, Dallas used Elise and manipulated her feelings for him anytime he fancied. He broke her heart by marrying someone for convenience instead of love. Years later, they find themselves at opposite ends in meeting to finally get the book Elise has been writing published.

Ali Parker does all things right in my mind and this story is no exception. The characters are fleshed out nicely so we can feel their angst, confusion and desire. Their story is even more potent and you can't help but to cheer for them but also at the same time encourage Elise to make Dallas work for it!

I received this book for a voluntary, completely honest and non incentivized review.

## **Kaye says**

**ONE SWEET HEATED ADVENTURE!!!**

Oh boy, talk about melting into a puddle. This is one exciting, sweet, engaging, smooth flowing read that's as riveting as it is captivating. With all the twists and turns, unexpected events along with surprising circumstances make for one incredible experience. In a whirlwind of emotions and activities really builds drama and suspense to a whole new level. The simmering HEAT between the two main characters are off the charts that's progresses on point. The characters and scenes are written with such realism it really pulls this bad boy together beautifully. Ali did a magnificent job bringing this read to life. Fantastic job Ali, thanks for sharing this little guy with us.

---

### **Nico says**

The summary of the book makes the story sound better than it is. No real angst. I have found the characters to be flat. You have hints of what happened in the past all along the book but the final revelation is quite underwhelming. The h gets over their past pretty easily. Doormat and pushover. The H doesn't grovel at all... He's just forgiven because since he's a decent parent for his kid then he must be reliable and trustworthy. Just like that. He never really stands up to his dad who is a douche that has it out for the h since the beginning of time for no reason. For me it was really hard to finish.

---

### **SyLvIa says**

[did not finish] stop at chapter 13. dont really like the hero's behavior when it comes to his father. feels very cowardly and useless.

---

### **Bookworm151 says**

I voluntarily reviewed this ARC.

I love a good second chance romance, and this book exceeds expectations. Dallas and Elise had a relationship in high school which ends after Dallas's father pushed him to date a girl with a better social standing. Elise was left heartbroken and bitter.

Fast forward to today. Dallas is a single father to the adorable Roy, and needs to persuade an up and coming writer to join his company...Elise. Still angry, Dallas has to work hard to win over Elise in both a professional and personal relationship.

This book is absolutely super, and the story line just flows so well. The characters are fantastic, and I couldn't help but fall for Dallas. Sure he messed up when he was young, but he was young and stupid. Second time around he knows who and what he wants, and he is single minded in his pursuit of Elise.

A great read with lots of sweet and also hot moments.

---

### **Gladys Mills says**

Fall for me Again. This was a sweet romance story of Dallas getting a second chance to love Elise again after 10 years. They broke up right after high school because of their family differences. In Dallas' job he recruits new writers. His assistant found a new writer which was Elise. When Dallas found out, he felt this was his chance to get a second chance with Elise if they signed her as one of their writers. This was no easy task. \*\*\* I voluntarily read a Review Copy of this book. All opinions stated are solely my own and no one else's. \*\*\*

## **Dawn Herrera says**

Fall for Me Again is another well written story from Ali Parker. This is a second chance love story that just captures your heart from the get go. A real sweet, exciting and very enjoyable story that just keeps you hooked and turning the pages quickly. The characters are well developed with some really great chemistry. There are some twists and turns with a bit of drama, a must read. I loved this book and highly recommend it. I voluntarily reviewed an advance reader copy of this book.
